

MEET THE 2021 ALICE'S LIST CANDIDATES

ALICE's List endorses them. Please support them with a financial donation to their **Election Fund**

ANNA EVANS. Candidate, Hainesport Township Committee

Evans for Hainsport Twp. Committee

Since my last runs for office, the country faces new challenges, including countering racism with the Black Lives Matter movement. I was involved with planning a BLM march in Hainesport last summer. My platform includes support for affordable housing integrated into all new developments, and to make sure women's needs, such as child care and counselling/sheltered accomodation, are fully addressed in our community. I also want to make sure Hainesport joins the Sustainable Jersey program to move toward a greener future. I would also like to see a Pride flag raised at our municipal building next June. I am committed to listening and representing all township residents, regardless of district, party affiliation, gender identity, race, or status and I believe in open and honest communication maximizing the use of new technologies.

KETURAH HARRIS. Candidate, Medford Town Council

EFO Harris Raynor

I am running for council because I think it is council's responsibility to provide opportunities for Medford to be better. A Better Medford that provides opportunities for all residents to participate and be welcome here.

SHEILA DAVIS. Candidate, Camden City Council At-Large

Friends of Sheila Davis

Affordable access to a high-quality education. My experience as a community activist has made me optimistic. I grew up in the City of Camden and I still live there today. I am committed to working with small business and union contractors that will help Camden with its redevelopment projects, as well as new residential and commercial developments within our city. Helping women nationwide to advance equity for women and girls through advocacy, education, support women in technical fields--I will continue to champion the advancement of women across the county by recognizing excellence and promoting leadership.

CAROLE ROSKOPH. Candidate, Cherry Hill Council

EFO Roskoph for Council.

I will continue to work for the residents of Cherry Hill to make it a place that is safe for all families and where we celebrate diversity. As we continue to navigate Covid, I will work with my colleagues to insure economic stability for families and businesses.

KRISTAN MARTER. Candidate, Florence Township Council

Kristan Marter Committee to Elect

Since 2016, I have been concerned about changes coming to this township that would have a negative impact on our community. I am not a politician. I'm simply a resident who's been trying to make a difference and have our voices heard. I've asked to participate on multiple boards, committees, and commissions. However, despite the vast amount of knowledge I've accumulated over the past five years, I've conclude that the only way for our voices to be heard is for one of us to be the one who is listening. It's time I ran for an elected office and take a stand for our community. Will you join me? Your voice matters.

NOHEMI SORIA-PEREZ. Candidate, Camden City Council At-Large

Soria-Perez for Council

My professional experience within state government began as an intern for the Fifth Legislative District, where I gained valuable skills that prepared me for my first role as a Constituent Services Representative. Working in this role and in the field of public service, taught me the importance of working collectively for a greater cause. My current role as Chief of Staff for the Fifth Legislative District further developed my passion for service.

I am running for Camden City Council At-Large because I believe in the importance of strengthening public policy, while identifying issues that could impact the quality of life of residents. I will work on ensuring that access to community resources remain open to all of Camden City residents, including our seniors, youth, and immigrant community.

DEBORAH BUZBY-COPE. Candidate, Burlington County Surrogate

EFO Deb Buzby-Cope for Surrogate

I have been in local politics for 21 years and have served as Bass River Township Mayor for the past 13 years. My stance is treating everyone fairly and equally. I believe in equality, economic, and support an end to violence against women and men. I support LGBTQ+ rights because everyone is human and needs to be treated equally. I believe in sticking to what is legally right and wrong according to the law. For my platform, I would like to educate the public, especially those in 55+ communities about the importance of a will, a living will, and a power of attorney. I want to ensure that the county surrogate office runs smooth and efficient.

Three steps to support feminist women seeking local offices!

1. **Make your check(s) payable to the candidate's campaign fund, e.g., "Election Fund of" (EFO) (the candidates name)"**

Banks will not accept checks payable to the candidate or to ALICE's list.

2. **Provide the personal information required by NJ law for all political campaign donors:**

Name _____

Address _____

Occupation _____

Work address _____

Company phone _____

3. **Mail your checks and this information sheet as soon as possible to:**
